### Company Highlights

John Moriarty & Associates, Inc. has built a reputation for hard work that is based on hands-on leadership, dynamic teamwork, and a proactive approach to construction management. The firm has developed a construction process that is responsive, detail-oriented, and clearly focused on ensuring that project goals become realities. In today?s competitive business climate, we still believe in the value of keeping our word ? this translates into meeting deadlines, maintaining budgets and delivering quality construction.

John Moriarty & Associates, Inc. (JMA) was founded in 1985 by John Moriarty in Winchester, Massachusetts, and is our corporate headquarters. JMA also has satellite offices in Florida (JMA of Florida), Connecticut, and Virginia. JMA of Florida was incorporated in 1990 and since its inception it has established itself as a preeminent builder in South Florida. With over two decades of construction experience, JMA offers value and service to the owners of projects of all sizes. We currently employ over 150 staff professionals projecting \$700 million of volume annually. The firm offers preconstruction consulting, construction management, and general construction for new buildings, building additions, renovation projects, and the fit-out of interior spaces. Our experience spans a wide range of project types; it includes university work, office and commercial space, laboratories, institutional, healthcare, hospitality, residential buildings, and one-of-a-kind construction projects.

The variety of our work and the specific needs of our clients demand the ability to adapt to individual project conditions with innovative solutions. The challenges of scheduling and coordinating projects with increasingly sophisticated technologies are met with timely and effective management. On all projects that we undertake, we remain committed to providing the highest level of service in the construction industry. Whether the project is a University building, an office fit up, a residential building, or a first class office building, JMA has continued to deliver a predictable outcome that meets or exceeds the cost, quality, and schedule expectations of our client.
